Dear Mr. Newsom:

STAT

In reference to our phone conversation, please find enclosed copies of the correspondence between the Central Intelligence Agency's Information and Privacy Coordinator and [redacted]. We discussed a gap of six months from the time [redacted] first wrote to us to the time the Coordinator began processing the request. A review of the January to June letters reveals that the Coordinator and the requester were trying to determine what was searchable and then to establish fees.

As we discussed, both of [redacted]'s cases, F84-0025 and F84-0026, are being searched now. However, it is not possible to give you a time frame for when these cases will be completed. The present Agency backlog stands at 3000 cases and [redacted] is in the queue. Case number F84-0475, which is in appeal, is in the final review stage and [redacted] should be notified shortly of that determination.

STAT
[redacted] cases are in process and are on track. If there are any further questions, please call me.

Sincerely,
